

December 3 - Gloria Ferguson
John 1:1-5

This is one of my favorite scriptures anytime, but especially during Advent. John is reminding us of the beginning when the word became flesh!!

God has been by my side since my earliest memory. Verse 4: "in him was life" has always told me how I came to be, "and the life was the light of all people," how wonderful: I always felt when I knew he was by me. How blessed and privileged I feel to have known him. Verse 5: "The light shines in the darkness, and the darkness did not overcome it."

My prayer is first to thank him for always being by my side, and to keep the light shining for all the people everywhere. His light gives us hope, peace and comfort every day in a chaotic world.

Today, like every other day I will yield to his love, peace and comfort.
