

Curriculum

Our instructional curriculum covers the basics of reading, language, writing, phonics, math, science, social studies and religion. We will follow the State of Florida Standards for each grade and use those as our guides to ensure that our students are progressing according to their developmental milestones.

Daily bible lessons will be delivered using the Hands-on Bible Curriculum. Weekly chapel services are held in which both the preschool and learning academy students will participate.

We follow the Citrus County School Board Calendar to ensure that we are meeting the instructional hours as prescribed by the state of Florida. Instructional Day: 9-3:30.
